

# Suburban Amateur Football League

## Criminal Offender Record Information (CORI) Program Confirmation

SAFL member programs are required to submit all coach applicants to a Massachusetts Criminal Offender Record Information (CORI) background examination. Applicants who receive a favorable return on their examination are eligible to then apply to the Suburban Amateur Football League for consideration of coaching credentials (Coach's Identification badge).

It is the responsibility of the individual program accepting the Coach's Application to ensure that the CORI examination is completed and the applicant is of favorable background to coach SAFL players.

As duly elected or appointed President and Board Member of:

(Organization Name)
---------------------

I attest that all coaches of our program have undergone a Massachusetts Criminal Offender Record Information (CORI) background examination and received a favorable return of examination. I further attest that based on these results all coaches of our program are of suitable character.
